

Notice to investors and potential claimants:

The Court granted the Receiver's Motion to Establish Claims Procedures and approved the Official Claim Form on October 2, 2003. Between October 30, 2003 and November 1, 2003, claim forms were sent to all known investors. Once your claim form was sent, you had 60 days to return a completed claim form. In the event that you have NOT submitted a claim form and the deadline is approaching or has passed, you need to submit a completed claim form as soon as possible. Extensions will be liberally granted for claims received 30 days past the original deadline. There is nothing that you need to do to receive this extension, simply send your claim form within the 30 day period.

If you have submitted a claim form and have NOT received a confirmation postcard within 30 days of your submission, please wait an additional two weeks before contacting us. In the event you still have not received a confirmation postcard after that time, please contact Steve Tomasky at the phone number listed below before doing anything further. Please do NOT submit a duplicate copy of your claim until you have spoken with Steve Tomasky. Submission of duplicate claims may result in the consideration of your claim being delayed.

If you have not received a claim form, please contact Steve Tomasky immediately:
